

The City Council is consulting on a 20 year plan for Bristol's parks.
Full details can be found at: www.bristol.gov.uk/agsp

Mina Road Park Group objects strongly to some aspects of the local plan, particularly those for Ashley St. Park. See extract below:

Extract from 'Ideas & Options' for Ashley Street Park, Area Green Space Plan, Ashley, Easton & Lawrence Hill.

2. The Ashley Street site is required because the Neighbourhood Partnership Area is below the minimum quantity standard for accessible green space. However, because of the poor recreational design and value of the site, it may be better to 'swap' the space for another should a suitable opportunity arise in the immediate vicinity.
4. Remove play from Ashley Street Park.

If you also object to these plans, please come to our special meeting on Tuesday August 17th, 7.30 pm , Parkway Methodist Church, Conduit Place.

There are specific grounds on which objections can be made, and these will be discussed at this meeting.

If you can't make this meeting, but would still like help to object to the proposals, contact hughholden@gmail.com for further information.
